Message From The CHAIRMAN

Dear Students,

Welcome to Janaki Medical College (JMC-TH), an institution that offers a transformative opportunity for aspiring medical professionals to realize their dreams of becoming accomplished doctors. Founded over two decades ago through the dedicated efforts of a passionate team of doctors and entrepreneurs, JMC-TH has continuously excelled in providing quality medical education in Nepal with the best FMGE passing ratio. Backed by 20 years of expertise and commitment, our management team takes immense pride in supporting your educational journey.

Since its inception, JMC-TH has remained steadfast in its mission to serve communities from the grassroots to the national level. Over the past 22 years, our highly skilled faculty, proficient nursing and paramedical staff, and dedicated team managing our teaching hospitals have all contributed to making JMC a beacon of excellence. Together, we strive to deliver top-tier medical education and exceptional healthcare services through our teaching hospital located in Janakpur, Dhanusha.

As one of Nepal's pioneer private medical colleges affiliated with Tribhuvan University, JMC-TH stands apart in numerous ways. Our privileged location outside the bustling Kathmandu Valley places us in the heart of Janakpur—a city of immense spiritual and cultural significance. Accessible via roadways, airways, and the East-West Highway, this serene environment enhances the focus and dedication required for medical education.

I extend my heartfelt gratitude to you for choosing Janaki Medical College as your trusted destination for pursuing medical studies. Together, let us embark on this journey towards a brighter future for you, for our institution, and for our nation.

Om Prasad Pandey
Chairman

Message From The **MANAGING DIRECTOR**

Dear Students,

A warm welcome to Janaki Medical College (JMC-TH)! As you embark on this remarkable journey towards becoming a medical professional, let me extend my best wishes to you. We, the Janaki Medical College family, stand firmly committed to ensuring that you receive the quality medical education necessary to address both existing and emerging health challenges in our nation.

Over the past 22 years, JMC-TH has experienced its share of ups and downs. However, we have never wavered in our dedication to excellence in medical education. Whether it's our MBBS Program or Nursing Programs, we have consistently prioritized quality education. This unwavering commitment has solidified our reputation as a trusted institution producing skilled healthcare professionals.

We firmly believe that "Change begins with creative beginners and thrives in committed and skilled hands." Guided by this philosophy, JMC-TH is devoted to nurturing competent medical and nursing graduates who will serve as catalysts for change. These professionals will effectively tackle healthcare challenges and deliver solutions to the complexities of healthcare systems.

Our mission is clear: to promote excellence in health education and services by developing well-qualified, competent, and technically proficient professionals. Through our efforts in medical education, healthcare services, and community outreach, we aim to make JMC-TH a recognized center of excellence in the field.

Together, let us shape a brighter future for healthcare, both for our students and the nation.

Sri Prasad Pandey
Managing Director

Message From The HOSPITAL DIRECTOR

Dear Students,

Welcome to Janaki Medical College & Teaching Hospital (JMC-TH), Nepal—where innovation meets excellence in medical education and healthcare.

At JMC-TH, we are committed to shaping the next generation of medical professionals by providing a dynamic learning environment, cutting-edge facilities, and hands-on clinical training. Our teaching hospital offers students real-world medical exposure, ensuring they develop the confidence, skills, and expertise needed to excel in today's fast-evolving healthcare landscape.

With experienced faculty, modern infrastructure, and a patient-centered approach, we equip our students with the knowledge and practical experience required to become compassionate and competent doctors. Beyond academics, we foster a culture of research, critical thinking, and lifelong learning, empowering our graduates to make a meaningful impact in global healthcare.

Choosing JMC-TH means joining a community dedicated to excellence, innovation, and service. We invite you to embark on this transformative journey with us and take the first step toward a rewarding medical career.

**Prof. Dr. Dharma Datta Subedi
Hospital Director**

MESSAGE FROM THE ADMISSION TEAM

Dear Aspiring Students and Respected Parents,

Warm greetings from the Admission Team at Janaki Medical College!

We are delighted to invite you to embark on an extraordinary journey of learning, growth, and service at our esteemed institution.

At Janaki Medical College, we are committed to providing a world-class medical education that nurtures competent, compassionate, and skilled healthcare professionals who will make a difference in the world.

Affiliated with Tribhuvan University, our programs are designed to meet international standards while addressing the unique healthcare challenges of our region. We strive to ensure that our students receive a holistic and enriching learning experience.

By choosing Janaki Medical College, you are not just joining a college but becoming a part of a vibrant community that values academic excellence, personal growth, and social responsibility. We prioritize the all-around development of our students, offering opportunities for community engagement, extracurricular activities, and professional growth.

Should you have any questions or need assistance, please do not hesitate to reach out to our **Admission Mitra Team**.

We look forward to welcoming you to Janaki Medical College, where your dreams of becoming a healthcare professional will transform into reality. Together, let us work towards a brighter future for you and for the nation.

Best wishes,

Team Admission Mitra

ABOUT US

Janaki Medical College (JMC), located in Janakpur, Dhanusha, Nepal, is an initiative of the Ram Janaki Health Foundation Pvt. Ltd. Established in December 2003, JMC aims to provide health education and healthcare services through a team of competent medical professionals. Founded in the northern part of Janakpur City at Ramdaiya Bhawadi, which is surrounded by the Indian border, JMC was established by a group of social and academic entrepreneurs with strong local support. Over the years, it has grown to become one of the most prominent medical colleges affiliated with Tribhuvan University.

Honorable Mr. Om Prakash Pandey, the Chairman of Janaki Medical College, is a visionary leader committed to transforming medical education and healthcare services in Nepal. With a strong dedication to excellence, he has been instrumental in guiding the institution toward its mission of providing quality health education, affordable healthcare services, and impactful community interventions. His vision emphasizes producing skilled, compassionate, and accountable health professionals who contribute meaningfully to both national and international healthcare systems.

With a focus on innovation, inclusivity, and global standards, Mr. Om Prakash Pandey continues to inspire and lead the Janaki Medical College community toward its goal of becoming a center of excellence in medical education and healthcare services.

The JMC campus spans over 16 bigahas, encompassing a 500-bedded multi-specialty hospital, academic and hostel buildings, hospital facilities, and administrative blocks within a single campus. The hospital is equipped to accommodate 500 inpatients, with beds distributed across departments such as General Medicine, Surgery, Pediatrics, Gynecology & Obstetrics, ENT, Eye, Orthopedics, Emergency, Psychiatry, Dermatology, and Dental Services, adhering to standard hospital service requirements.

The management of JMC has significantly upgraded medical facilities, including ICU, CCU, NICU, PICU, SICU, and ENT services. These enhancements have expanded healthcare coverage to a large demographic area, benefiting not only Janakpur but also adjoining districts. JMC remains committed to excellence in education and healthcare, continuously striving to meet global standards while addressing the local community's needs.

Vision

Janaki Medical College envisions improving the quality of life by providing top-tier health and medical education, healthcare services, community interventions, and innovative research. The college aspires to become a center of excellence, offering quality healthcare services across all levels — primary, secondary, and tertiary — to both urban and rural populations.

Mission

JMC is committed to promoting quality health education and services by producing skilled, competent, technically sound, socially compassionate, and accountable health professionals. This mission is achieved through visionary partnerships with the government and communities to deliver:

- High-standard medical education
- Affordable healthcare services
- Meaningful and impactful research

Goals

- 1. Established as a Top Choice:** Position Janaki Medical College as the first choice for medical students by offering high-quality medical education, healthcare programs, and community interventions.
- 2. Center of Excellence:** Provide health education with integrated clinical services and community-oriented healthcare programs.
- 3. Affordable Healthcare:** Serve individuals and communities through qualified health professionals using modern health technologies at an affordable cost.
- 4. Global Recognition:** Develop Janaki Medical College into an internationally recognized center of excellence in medical education and healthcare services in Nepal.

LIBRARY AND E-LIBRARY

Janaki Medical College has a central library facility located in its academic complex, which has recently been expanded from a seating capacity of 100 to 250 for students and faculty. The library operates for 14 hours on weekdays, from 8:00 AM to 10:00 PM, and for 8 hours on weekends. It is well-ventilated and furnished, providing a peaceful environment for library users. A separate reading facility has also been provided for faculty members.

The library collection grows every year with the addition of books, journals, CDs, and other relevant teaching-learning materials in basic and clinical sciences. This is supported by international agencies as well as the College's own resources. Students and faculty have access to more than 5,000 books in the library. Free Wi-Fi is also available for library users. Departmental libraries in respective departments are accessible to students as well.

The concept of an e-library has been initiated as a significant part of the library to provide a user-friendly platform for reference collections of digital media. JMC uses HINARI as a knowledge source for teaching and learning activities.

SPORTS & EXTRA CURRICULAR ACTIVITIES

1. Any student having national or provincial recognition in any game/sport should inform the Principal of the College immediately after admission.
2. No game shall be played during college or hospital duty hours without prior permission from the Principal of the College.
3. Students may participate in one or more of these games according to their choice.
4. Lectures on extra-curricular activities by distinguished visitors shall be arranged with the approval of the Principal.
5. Visits to places of scientific, historic, and cultural interest can be arranged by the administration of the College.

6. Students and faculty members shall be jointly responsible for organizing, coordinating, and conducting extra-curricular activities and sports for the students under the direction of the Principal. The Department of Students' Welfare and Extra-Curricular Activities shall be responsible for the following activities:

- a. Sports
- b. College Magazine
